

WELCOME TO THE 2018 ELEVATE AVIATION TOUR!

We are so pleased to have you join us on **Friday March 9th, 2018** in Winnipeg for our Elevate Aviation tour!

About Us

Elevate Aviation was established by members of the aviation industry who have a passion for helping others become strong, independent and self-sustainable.

Our Mission

Elevate Aviation provides a platform for women to thrive and succeed through aviation.

Women make up only 6% of private pilots in Canada and fewer than 5% of all Airline Transport Pilot License holders are female. Female mechanics represent less than 2% of mechanics worldwide and women hold only 16% of jobs as Air Traffic Controllers in Canada.

Tour Information

Our goal is to make the tours as fun and exciting as possible while still sticking to a strict schedule. Please see below for all the information you need to know about the day!

Times – The presentation/tour starts at 9:00am and ends at 2:00pm. We start promptly at 9:00am so please plan to arrive early enough to be seated a couple minutes prior to the start time.

Arrive at the Royal Aviation Museum of Western Canada at 958 Ferry Rd at 9:00 am

Tour Host – Your Tour Host is a member of the Elevate Aviation team. The Host will ensure that the event runs on time as it's a very full day. More importantly, making sure everyone is having a good time!

Speakers – These speakers are from four different areas of the aviation industry. These ladies are fun, full of life and they bring an exciting, yet educational aspect to the world of aviation. You will have the chance to listen to their short presentation and ask them any questions you may have about their careers.

Lunch – You will be treated to a free lunch.

Tours – After lunch we will visit a few different locations around the airport. As time is limited in each location, it is just a taste of a few of the different aviation careers. After the tour, if you would like a more in depth tour of one of the careers, we will provide the contact information for you to arrange this.

Location – The Winnipeg tour involves 3 different locations – see the map below.

Parking – There is room for school bus parking at the Aviation Museum, Fast Air Hangar and Area Control Center. Parking at the Airport would be in the Long Term Economy parking lot and will be no charge.

WELCOME TO THE 2018 ELEVATE AVIATION TOUR!

If you have any questions before or after the tour please contact us at tours@elevateaviation.ca.

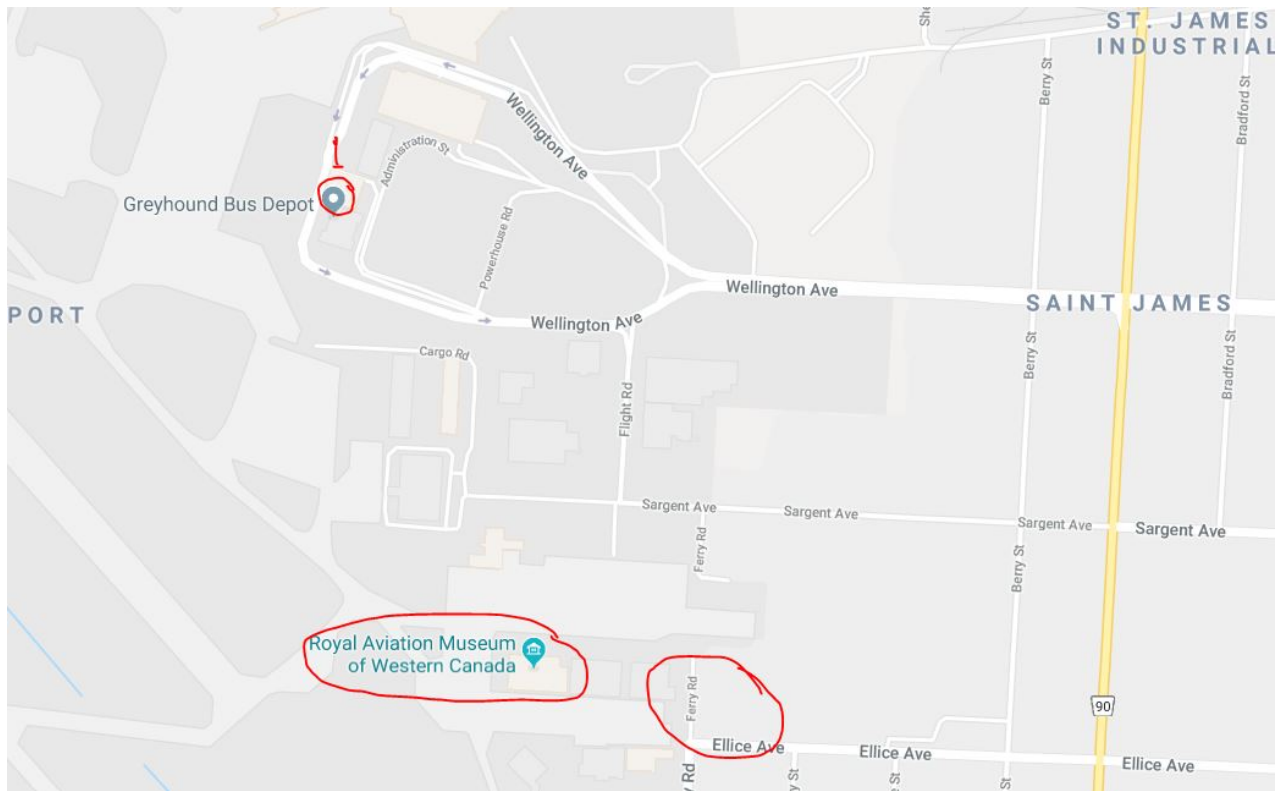

Day of contact please call: Sophia at (587)989-5108
